

## Forever His Child

D G  
For God so loved us that He gave us His Son  
D A  
That whosoever believes shall not die  
D G  
But live forever in His arms of mercy  
D A D  
He came and died so that I could be forever His child

D                      G                      D  
Nothing to fear, no more tears  
                                 A                      D  
Love has come and rescued me  
                                 G                      D  
So I died to myself  
                                 A                      A7                      D  
And now Jesus lives in me
