

# **Nothing Without You**

## **Verse 1:**

          D                          A  
Take these hands and lift them up  
          Bm                          A                          G  
For I have not the strength to praise You near enough  
          D                          A                          D  
For I have nothing, I have nothing without You  
          D                          A  
Take my voice and pour it out  
          Bm                          A                          G  
Let it sing the songs of mercy I have found  
          D                          A                          D  
For I have nothing, I have nothing without You

## **Chorus:**

D A G D  
All my soul needs  
          A G                          Bm  
Is all Your love to cover me  
          A G                          D  
So all the world will see  
          A                          D  
That I have nothing without You

## **Verse 2:**

Take my body and build it up  
May it be broken as an offering of love  
For I have nothing, I have nothing without You

## **Bridge:**

                          Bm A G  
(from chorus) But I love You  
                          Bm A G  
With all my heart  
                          Bm A G  
With all my soul  
                          Bm A G  
With all my mind  
                          A  
And all the strength that I can find

## **Verse 3:**

Take my time here on earth  
And let it glorify all that You are worth  
For I am nothing, I am nothing without You
