

I Wanna Be With You

Verse 1:

E A E B
High and low, I've looked and waited
E A C#m B
Embers glow, to taste Your love
E A E B
Be revealed, show me mercy
E A
Outstretched arms draw me near

Chorus:

 B A
I wanna be with You, like the waves on the water
 B A
I wanna be with You, like the wind in the wheat
 B A
I wanna be with You, like the birds and their song
 E
I wanna be with You

Verse 2:

E A E B
Little time, fleeting moment
E A C#m A
Run away, and gone again
E A E B
Then you come, light Your footsteps
E A
Next to me, don't wanna miss Your love
